DPVS table

dpvs_cnt	Description	Indexes	Types
proc_id	main process id	index	int
File_name	file id by weight		int
page	count of page		int
image	count of image		int
acct	count of accounts		int
divert	count of diverts		int

Message Table

message	Description	Indexes	Types
proc_id	main process id	index	int
msg_no	message number		int
count	count of page		int

Collation table

collation	Description	Indexes	Types
proc_id	main process id	index	int
collation	number of page		int
count	count of page		int

rate_oz table

post_rate	Description	Indexes	Types
post_rate_id	main process id	index,primary,auto increment	int
weight	weight	index	float
description	category of weight		char(50)
rate	rate		float
created_dt	created date		datetimes
modified_dt	modified_dt		datetimes
created_user	created username		char(50)
modified_user	modified username		char(50)

Selective messages table

sel_message	Description	Indexes	Types
proc_id	main process id	index	int
sel_msg_no	selected message number		int
count	count of page		int

Selective envelope table

sel_env	Description	Indexes	Types
proc_id	main process id	index	int
sel_msg_no	selected envelop number		int
count	count of page		int
